

Processing the Images into the
HOYS database

<https://hoys.space>

Or direct at: <https://astro.kent.ac.uk/HOYS-CAPS/>

HOYS database

- **Download** and **stack** all **YOUR** images
- Navigate to the HOYS database
- Log into the 'community' account HOYS-LCO using password send by email

<https://hoys.space>

Next Steps

- We will show how to look at light curves from the HOYS database
- After that you will get more observing time for other data sets
